

To Obtain Insurance Information

To obtain a copy of the declaration page for flood insurance or windstorm and property, you can now obtain this information quickly by using the online service called "Evidence of Insurance."

Most homeowners are contacted by their mortgage company once a year requesting this information along with the notification that if the declaration page is not provided by a certain date, the lender will "force" the insurance by having it placed for the property and the unit owner will be billed through the mortgage company for it. The request usually comes up when the insurance is due for the annual renewal by the association.

With the help of the Internet you can obtain the information you need at no cost. Here's how it works:

Go to: www.eoidirect.com

You will be asked to register and create a password which you will need to do. If you are looking for a copy of the current declaration page there is no cost to you, but if you are refinancing, you will incur a cost. After you are registered there are prompts that will assist you in getting what you need. You will then be able to print out the declaration pages.

If you have trouble using the web site, or do not have internet access, you are encouraged to contact EOI by phone at 1-877-456-3643.

Using EOIdirect is the most efficient way to get the information you need. If you need to contact the agent for Casa Sevilla directly, contact Advanced Insurance. Their number is 954-963-6666.
